**The Pediatrician is in!**

**Urgent Care**

## **Urgent Care Hours:**

Due to the recent increase in the number of Urgent Care Centers that have opened up and the inferior quality of pediatric care that they offer, this office will be having urgent care hours Saturday thru Thursday nights from 9:30-10:30pm. These office hours are only for issues that are short, to the point, visits. **More involved issues will need to be seen during regular scheduled office hours.**

These office hours are walk-ins only, meaning no appointments are needed. They are staffed only by Dr Norowitz, therefore, before coming, please confirm the office is open for urgent care. **To confirm Dr Norowitz will be in, call the office at 718-435-5009 and choose option 6.** The phones will not be answered during these hours. Do not call the doctor's service for an appointment.

Additional Urgent Care hours are also available by contacting Yocheved Bergman @ 718-258-0044.

### **Plans with an Urgent Care Copay:**

The visit will be billed as a sick visit, not as an Urgent Care Visit. You will be expected to pay the same copay you would pay on any other sick visit. You will not be billed the Urgent Care copay.
